Education

University of Western Ontario

London, ON

Bachelors in Engineering Science, Software Engineering

Expected Graduation: December 2022

Programming Languages: JavaScript, Java, C, Python, SQL, HTML, CSS, TypeScript

Frameworks: Node, Express, React

Technologies: AWS, GCP, Docker, Unified Modeling Language (UML), JIRA, MongoDB

Software Projects

Sonu Lifts Personalized Programs

<https://github.com/jburanpuri/SonuLifts>, sonulifts.com

- Designed and programmed a website using React to sell personalized workout plan costs resulting in lower costs, increased accessibility, lower burnout rates, and better strength and hypertrophy results
- Integrated Stripe to process payments resulting in more reliable and safer payments
- Operated and maintained Sanity's CMS API to edit products resulting in faster and easier updates
- Designed and built all personalized workout plans using Excel resulting in 97%+ profit margins

FitSync

<https://github.com/jburanpuri/FitSync>

- Developed a fitness website using the MERN stack allowing users to match with personal trainers resulting in clients saving hundreds of dollars, allowing trainers to work from home, and reducing injuries
- Coordinated and lead a team of software engineers using JIRA ensuring all the project sprint requirements are completed on time and workload is split evenly
- Integrated and stored an extensive list of exercises using MongoDB displaying exercise execution, queues, tips and muscles trained allowing users to perform exercises correctly
- Developed and integrated a chat application using Socket.io allowing trainers and users to have improved communication and ability to send photos or videos resulting in increased website retention and usability

Portfolio Website

<https://github.com/jburanpuri/React-Portfolio>, jburanpuri.com

- Programmed a portfolio website using React and CSS showcasing all skills, projects, and experience increasing freelancing project revenue

True North Protective Coatings Website

<https://github.com/jburanpuri/TNPC-Final>

- Designed and coded a professional website for True North Protective Coatings Inc. showcasing their products resulting in higher sales and revenue

Work Experience

Kinectrics Inc.

Toronto, ON

Information Technology Co-op,

May 2021 - August 2021

Specializing in Cyber Security

- Authenticated email headers by checking SPF, DKIM and DMARC records ensuring emails are safe to open minimizing company details being leaked
- Analysed and solved IT issues using Help Desk at a record rate creating higher staff satisfaction, and faster resolution times
- Attended meetings to ensure no IT issues regarding audio or video would occur

OSL Retail Services

Brampton, ON

Electronic Sales Associate,

Sept 2020 - April 2021

- Sold Walmart Protection Plans to customers at a record rate beating daily expectations by over 400%
- Analysed and audited all electronics inventory resulting in higher stock accuracy on the Walmart app and website
- Trained new employees and increased their knowledge on electronic items resulting in more educated purchases for customers
